

Wealthsimple

Start saving for your child's education in just 15 minutes, from the comfort of your home.

Get \$2,000 per child with the Canada Learning Bond

A Registered Education Savings Plan (RESP) is a fantastic tool for people who want to save for university, college, or trade school.

With this account you can apply for a Canada Learning Bond (CLB), which is a grant from the Government of Canada—they'll contribute up to \$2,000 per child to families who qualify.

Wealthsimple makes it easy

Wealthsimple makes investing accessible to everyone. We offer simple digital tools to help you achieve your financial goals, like saving for your children's education.

Simple

Sign up in 15 minutes, completely online. No trip to the bank, phone calls, or paperwork.

Transparent

We tell you exactly what you're paying in fees, and how your money is being invested.

Human

No confusing financial jargon. We use clear language that everyone can understand.

We're proud to partner with SmartSAVER to help families sign up for the CLB.

Sign up in three simple steps

1) Visit StartMyRESP.ca, click How to Use StartMyRESP and enter your postal code. After choosing Wealthsimple from the list of financial institutions, you'll be asked to enter a few details about yourself and your child. From there, you'll be redirected to the Wealthsimple website.

2) Create a profile. Enter some personal information (like your legal name and address) and select your financial goals (for example, saving for your child's education). This will take about 10 minutes.

3) Open an RESP. You'll need to have the child's information handy (including their SIN, full legal name, birth date, gender, and province of residence) to name them as a beneficiary to the account. This part will take about 5 minutes.

You're all set. Wealthsimple will apply for the CLB on your behalf each year and manage the account. We're excited to help you save for a bright future!
